## **Total Body Strength (60 min.)**

Strength training that is focused on endurance by lifting light to moderate weight for higher reps. Challenge every major muscle group in this low impact strength class for beginners to advanced participants.

## **TRX (45 min.)**

A revolutionary total-body fitness program that uses gravity against your own body weight to simultaneously develop strength, balance, flexibility, and core stability.

## **Vinyasa Yoga (60 min.)**

Join us for this 60 minute class of moving, breathing and practicing in the present moment. With a different theme each week, each class incorporates traditional standing, balancing and seated yoga postures in a fun, flowing, and creative way. Modifications are offered as this is an all-levels-welcome environment. You will leave this class feeling a little lighter than when you came in. All you need is a mat and your positive attitude. Touching your toes is not a requirement.

## **Vinyasa Flow (60 min.)**

This class is designed for beginners through intermediate students. In this Yoga Flow class you will synchronize breath with movement. You'll be guided through postures in a Yoga Flow style, beginning with the basic poses, but allowing for more challenging poses based on your practice. In a Yoga Flow class, students awaken their strength, energy, and flexibility in a fun atmosphere.

## **Yoga Strength and Restore (60 min.)**

Welcome to your workout... and "work in"!! This 60 minute class combines 30 min full body strength using weights, resistance bands and body weight to tone and sculpt, followed by 30 min of traditional yoga poses to refresh, recharge and restore - your perfect balance of mind and body in a welcoming environment.

## **Yoga Express (30 min.)**

Pause and reset your day with this time efficient 30 min class!! With the support of bolsters and yoga blocks, we allow space to find stress reduction and relaxation by settling in a little deeper and longer in yoga poses. Make this time for you.

## **Total Body Strength (60 min.)**

Strength training that focuses on endurance by lifting light to moderate weight for higher reps. Challenge every major muscle group in this low impact strength class for beginners to advanced participants.
